POLYTECHNIC FOUNDATION PROGRAMME (PFP)

Essential Things You Need to Know

1. What is the PFP?

- A foundation year at the polytechnics that:
 - Prepares well-performing Sec 4N(A) students for progression into respective polytechnic diploma courses
 - Serves as an alternative to Sec 5
- Conducted over two academic semesters at the polytechnics
- Students must pass all PFP modules in order to progress to their respective, pre-selected diploma courses.

2. Am I Eligible for PFP 2022?

You are eligible for the PFP if you:

- ☐ Sat for GCE N-Level exams as a school candidate in 2021
- ☐ Have obtained an ELMAB3 aggregate of 12 points or less (before deduction of CCA bonus points)
- ☐ Met course-specific entry requirements as listed on the PFP website

✓ **If you can check all 3 boxes above, you're eligible!**
 (Note: Eligibility does not guarantee you a place in a PFP course)

If you had offered GCE O-Level examination subjects in 2021, you may refer to this table for the equivalent grade to compute your ELMAB3 aggregate:

GCE 'O' Level Grade	Converted Grade
A1-B3	1
B4-C6	2
D7	3

3. How do I Apply?

- Upon release of the GCE O-Level results, all PFP-eligible students will receive Form P containing a PFP PIN that allows them to apply for the PFP at this [link](#).
- You may select up to five course choices.
- Remember to provide updated contact details in your application to allow the polytechnics to contact you if necessary.
 (Note: You should continue to attend Sec 5 from 4 January 2022 while applying for PFP.)

4. How Will I be Informed of the Outcome?

- You should log in to the PFP portal to check your application outcomes on the day of PFP posting results release.
- You will then have to indicate if you wish to accept/reject/appeal the offer.
- If you do not select any option, your offer will become invalid and you will be required to continue with your classes in Sec 5.
 (Note: If your appeal is successful, your original offer will be void regardless of whether you accept the new PFP offer.)

5. What Happens Next?

- If you accept your offer, you will receive an enrolment package from the polytechnics in February/March 2022.
- The PFP year will start in April 2022.

More information can be found at: <https://pfp.polytechnic.edu.sg>

ITE DES-to-Poly Prog (DPP)

Key Pointers for Students on ITE's Joint Intake Exercise (JIE) for Admission to Nitec Courses

ALL N(T) students and N(A) students (who are not progressing to 5N(A) or repeating 4N(A)) are eligible for JIE.

Keen competition for *Nitec* and *Higher Nitec* courses, so use all 12 choices wisely!

Participation in Main Phase is key to secure a place in ITE!

If you are keen in the work & learn option, you may consider applying for the ITE Traineeship programme. Do apply in the Main Phase to avoid missing a place in ITE!

If you are unsuccessful in EAE, make sure you apply in Main Phase to avoid missing a place!

If you have received an additional letter, then you are eligible for the 3-year Nitec Programme (eNFP).

If you are eligible for eNFP, make sure you apply for the 2-year Nitec first before applying for eNFP!

The eNFP helps to build the necessary literacy and numeracy foundations that will enable you to successfully complete your Nitec course!

If you are counter-offered a course, accept it first before appealing to another course you may be more interested in!
